"THE GRAVIFILL LIFT"

Flexible Workstation for Versatile & Precise Filling

The **Gravifill Lift** is an **innovative, mobile, and height-adjustable filling workstation** designed to bring precision, convenience, and flexibility to your liquid filling operations. Equipped with an **integrated precision scale**, this solution allows you to move the entire setup to your desired location, making it perfect for dynamic production environments.

"ENGINEERED WITH YOUR NEEDS IN MIND"

"VERSATILE WORKSPACE"

- Customizable filling height
- Ergonomic comfort
- Integrated precision scale

"UNMATCHED MOBILITY"

Designed for easy relocation, allowing the lift to be brought directly to the container

"FLEXIBILITY AND SPEED FOR YOUR FILLING WORKFLOW"

"STAINLESS STEEL TABLETOP"

- Hygienic
- Corrosion-resistant
- Long-term use

Now Compact Available!

"HIGH PRECISION IS CHILD'S PLAY"

Unparalleled filling accuracy at **0,5%** with only a click of a button, minimizing operator involvement

"BOOST EFFICIENCY"

- Reduces manual handling
- Suitable for a wide range of liquid products
